

Edgar Brothers xv2 .21 Air Rifles

£ 495

Description

XV-2 PCP SYNTHETIC BLACK 14 SHOT. I tell you what, took this straight out the box and shot a string of 14 shots. The numbers are so good. Off course , I wrote them down and left them in the workshop. There is a note in the photo`s. New gun just released and I am very impressed not forgetting, it`s a £500 air rifle. Very good spec in my opinion. Adjustable rear stock. 2 mags. Not loud.
