**Anschutz 9015 ONE .177 Air Rifles**

**£ 3,860**

---

**Description**

Anshutz 9015 One .177 Match Rifle. I can't do this justice in this small space. There's a great video in English on the Anshutz website that's so informative. Anyway, The One uses all up to date materials.. carbon fibre, stainless steel, alloy etc. Length of gun adjustable for Juniors to adults and match and bench shooting. This gun is probably 'THE ONE' All models stocked .Right handed but can be changed with a Left Hand Grip

---
